

Rubber Curb Edging

MasterCurb Rubber Edging is the perfect solution for any loose fill containment area. Comprised of 100% recycled waste stream content, playground borders and curbs are flexible enough to make various shapes and curves for the freedom of design and customization. MasterCurb edging is a must for any budget conscious project. This rubber curb is bendable, stackable and available in various colours. MasterCurb is made from recycled rubber, which makes it extremely durable.

MasterCurb features:

- Made from 100% recycled rubber
- Drainage ports so water does not pool in play areas
- Looks great with no maintenance for years to come
- Easy to install
- Matches or compliments MasterGarden groundcovers
- Perfect for both landscaping and playgrounds
- Made in South-Africa
